Pranic Healing

An interactive session with Wendy MacDonell

Pranic Healer and Teacher

Pranic Healing is the use of Prana, the natural life energy, to create health, vitality and prosperity. It works by correcting energy imbalances and blockages, removing used-up or diseased energy and replacing it with fresh prana.

Pranic healing is helpful in clearing physical conditions as well as psychological and psycho-spiritual disorders.

Wendy will introduce us to pranic healing and also explore how we are born with seeds of consciousness within our energy field, and perceived in the chakras. She will lead the group in both a pranic breathing technique and meditation.

Come along, bring your friends, and hear Wendy share this wonderful modality.

About Wendy:

Wendy is the founder and director of the NSW Pranic Healing Centre. Also one of the senior teachers, she was personally trained by Grand Master Choa Kok Sui, the developer of Pranic Healing. The NSW Pranic Healing Centre offers treatment as well as structured Pranic Healing training.
