

## Blessings from the EHA ....

Well perhaps you could say that your new committee has passed its “probationary” time and now that we feel more familiar with the workings of the EHA its time to reach out to you all in a more personal way.

I came into the position of President of this Association through my commitment to the work of energetic healing and through my belief that a committed team increases the overall intention of our group. It’s a well known principle that energy follows thought, so the EHA’s intention of spreading the word of Energetic Healing to the wider community is magnified by the group commitment.

The gift in this is that the Joy that arises from doing and being because you really **want to** is also magnified. That gift then comes back to you in the sense of added vitality and enthusiasm which of course causes you to feel freer to be yourself to an even greater degree.

I have found this for myself many many times in my life. Often it hasn’t involved money at all but the learning and satisfaction has been far beyond what I could even hint at in terms of money. I’m finding this again right now in my involvement with the EHA and the wonderful girls on the committee.

So often I hear people wondering which course to do next...I don’t know enough, I’m not good enough, etc etc. The world is full of teachers... we are all teachers for each other if we could only realise it.

This has been a steep learning curve for me and probably all of us, but as usual I’m finding that as I meet my fears, acknowledge them and then do the bit that I can do right now, suddenly it’s done and I’m OK.

So I hope you all might find some encouragement in these words and that some of what causes you anxiety might begin to melt away.

I wish for you all many Blessings in this time of great change, both on collective and personal levels.

Hope to see you soon,

*Jeanette*

## General Noticeboard....

### EHA Healing Days

By Jeanette Young

We've had two healing days now and I have to say that it is a great honour to work as part of our EHA practitioner team. It might seem that we are "doing" the work, but in fact, we've all found great personal benefits and shifts of energy through our participation in these events.

I would be most delighted to hear from both a few more of our member practitioners, and also a couple of volunteers to help at the door. Even an hour or so is a great help to us as the flow of clients has been very steady already and I feel certain the energy is increasing each time we open the door.

So please contact me on the EHA mobile or my home number if you'd like to join us for September 20. Please come and join us in any case. A great opportunity to be in the energy and witness our team in action.

Look forward to hearing from you.

For a viewpoint from another team member, here's Judy note.

## July Healing Day

By Judy Giles

Dear All

There was a wonderfully successful healing at Waverton on Sunday 19th July.

Practitioners attending were Jeanette Young, Miriam Amprimo, Tracy Little, Amela Aganovic and Judy Giles. Over 30 sessions were conducted of 20 healing sessions and 8 Tarot readings.

Apart from this we all felt the flow on effects of being in this wonderful healing environment. Not only were people having healings, but the Practitioners have been debriefing and reporting the fabulous effect of participating in this day.

The healing days are a great opportunity for all members to participate in whether it is to drop in and say hello or sit at the desk at the door and make appointments for a short time. Students are also most welcome to experience the day and see Practitioners at work or to have a treatment.

For the next healing day in September it would be good to get some more participation from Practitioners. It is also a place for friends to drop in. Not only are we giving a treatment, but are receiving one for ourselves.

Let's all join together in September, and experience these shifts. It is a wonderful time to support your association, connect with like minded people and equally receive healing for yourself.

There was also an amount of money generated for the EHA.

Hope to see you there in September.

## EHA Healing Book

By Jeanette Young

The EHA often gets requests to direct healing to an area, a community, a project or a person. I am pleased to say we now have an EHA healing book in which these can be included and brought along to our events for healing. It sits in my healing room, with the EHA quartz cluster which is most happy to also come along to our events for extra energising.

If there is someone/something you would like healing for, I'd love it if you could do a very old fashioned thing, and send your photo (not an original) and any information (eg name and date of birth for a person or location for a community or environmental issue) and I will place it in the book. Please send to 35 Muru Avenue, Winmalee NSW 2777.

Alternatively you are most welcome to phone me on 4754 4493. It is better to ring my landline number rather than the mobile as the mobile signature is patchy, and even with my new Tesla patch on the phone, still rough on my energy field. This sensitivity to electromagnetic radiation is also why I stay away from computers.

If there is anything else you would like to write me about, please feel free to do so.

As I say, it might be old fashioned, but there's nothing wrong with that 😊

### TRANSFERRING MEMBERS

If you are a student or companion member transferring to full membership, you do not need to repay the joining fee. You only need to pay the difference in fees for the month you are transferring. Example: If you have renewed your current Student Membership by July 1, being a payment of \$50.00, and then upgrade to Full Membership after that date, you will be required to pay an additional \$60.00 if joining in the period July-September, \$50 if joining in the period October-December, \$40 if joining in the period January-March and \$30 if joining in the period April-June.

### PAYMENT OPTIONS
